**5S Continuous
Improvement
Training Course**

COURSE LENGTH: 0.5 DAYS

5S is a widely-used continuous improvement method achieved and maintained through consistent Sorting, Simplifying, Sweeping, Standardizing and Sustaining. The method was developed in Japan to improve and maintain cleanliness, orderliness and efficiency as well as to reduce errors and waste in the workplace. After completing this course, you will have learned the origins, concepts and benefits from the proper implementation of 5S as well as how to use it to identify opportunities for improvement. You also learn how to use 5S to encourage the active participation of your group or organizational members in contributing small changes that collectively result to produce significant improvement in the workplace. This comprehensive training course is now available across the U.S., including Atlanta, Austin, Baltimore, Birmingham, Boston, Charlotte, Chicago, Dallas, Houston, Jackson, Los Angeles, Manhattan, Miami, New York, Orlando, Philadelphia, San Antonio and Seattle.

5S CONTINUOUS IMPROVEMENT TRAINING COURSE OUTLINE

FOREWORD

5S is much more than just "housekeeping". Housekeeping and an organized workplace are the results of 5S, but the real purpose of 5S is to uncover errors and problems more quickly.

Learn to reduce waste through a systematic application of **5S principles – Sort, Set in Order, Shine, Standardize, and Sustain**. This workshop teaches the basic 5S techniques and illustrates how its implementation immediately reduces waste, and provides a cleaner and safer work environment.
