Active Listening

**COURSE LENGTH: 0.5 DAYS**

Active listening is the key to effective communication as it requires a real two-way exchange of information between two or more people. It helps in gaining better understanding, giving better responses and building rapport that will help you in making better decisions and judgments. Learn how you can develop your active listening skills by attending PD Training's Active Listening Training Course.

This course covers the following: what active listening is, the differences between 'hearing' and 'listening', how to develop the ability to actively listen, how your emotions affect the ability to listen and communicate, the importance of active listening for a productive brainstorming and much more.

Additionally, this course touches on body language as well as specific types of questioning techniques. After learning and implementing these active listening techniques taught in this course, you will become a more effective communicator and experience better results in your relationships at the workplace.

This comprehensive training course is now available across the United States, including Atlanta, Austin, Baltimore, Birmingham, Boston, Charlotte, Chicago, Dallas, Houston, Jackson, Los Angeles, Manhattan, Miami, New York, Orlando, Philadelphia, San Antonio and Seattle.

## ACTIVE LISTENING TRAINING COURSE OUTLINE

---

### FOREWORD

Effective listening is actively absorbing the information shared with you by a speaker and showing that you are listening and interested in the conversation. Active listening also helps you to provide appropriate feedback to the speaker so that s/he knows that the message was well received.

This fun and interactive **Active Listening Skills Training Program** provides practical skills and knowledge that will transform your personal and professional interactions, and lead to more rewarding and meaningful communications.

---

### OUTCOMES

**By the end of this training course, participants will:**

- Test your ability to actively listen
