COURSE LENGTH: 1.0 DAYS

Having well-managed, virtual or remote teams as part of your workforce can give your company a cost advantage as well as access to a wider pool of talent. However, managing a virtual team requires a significantly different set of management skills. This comprehensive training course teaches you how to build and manage a virtual team.

This course covers the following topics: how to establish an excellent virtual team, handling technical barriers as well as time zone and cultural differences, technology and methods for effective meetings and work collaboration, how to set clear and precise goals, handling poor performance, building trust among employees and much more.

This comprehensive training course is available across the U.S., including Atlanta, Austin, Baltimore, Birmingham, Boston, Charlotte, Chicago, Dallas, Houston, Jackson, Los Angeles, Manhattan, Miami, New York, Orlando, Philadelphia, San Antonio and Seattle.

MANAGING VIRTUAL TEAMS TRAINING COURSE OUTLINE

FOREWORD

There are an estimated one billion virtual workers in 2013, and the number is expected to rise in the future. With a global workforce, you are provided with a cost effective and talented pool of employees to draw from.

Managing a virtual team is harder because of the challenges posed by time difference and cultural differences. Virtual Team Building and Management training course provides participants the knowledge to overcome these challenges and succeed in creating a highly productive global workforce.
