## PROFESSIONAL TELEPHONE SKILLS TRAINING COURSE OUTLINE

---

### FOREWORD

This Telephone Skills Training course will provide your staff with the awareness and skills that they require to handle phone calls professionally. It will ensure that the positive image of your organization is reinforced and strengthened with every communication with customers.

In today's business environment, telephone etiquette displayed in organizations is indicative of its willingness and ability to efficiently assist customers, both internal and external. The skills and the attitude projected over the telephone form a lasting impression in the minds of an organization's customer, making it a critical customer 'touch point'.

Nowadays, virtual teams are the norm rather than the exception, and one of their primary channels of communication is the telephone. Hence, it is imperative for employees to have a good understanding of business telephone etiquette in order to aid efficient information exchange.

This Professional Telephone Skills Training Program aims at helping employees to create a lasting impression in their customers' minds - one that shows the organization reflected in the best light possible. It focuses on developing telephone etiquette and skills to deal with customers assertively with care and positivity.
