COURSE LENGTH: 0.5 DAYS

The evolution of the internet over the last decade has allowed the evolution of training being delivered through online channels; also known as Virtual Training. In 2020, due to an unexpected global event, the demand for virtual training and conferences has exploded, and this delivery method will only become more popular. Any trainer waiting for this new 'norm' to pass and return to the good old days of 'face to face training' will most likely find themselves being left far behind.

In PD Training's 3-Hour Live Online 'Master Virtual Training' course, you'll learn all the skills required to become a top Virtual Interactive Trainer. You will learn skills such as how to deliver an interactive session and not just deliver a powerpoint, ensure you keep engagement high, how to read body language through the screen, and use of 3rd party apps to build the fun.

Of course, no skill is embedded until you are able to practice it, so all Participants that attend this course will have the opportunity to deliver a "live" training session and receive feedback from the group. **additional cost associated - please ask for details**

This highly effective Master Virtual Training course is designed for individuals who need to develop the training skills and confidence to teach adults using online channels. This outline is for a 3-hour interactive training session, however we can tailor it to your specific requirements, which assures that the course can

be directly applied to your workplace training requirements. Our trainers have years of experience of delivering virtual training utilising many platforms.

You will also learn about your own personality type as well as others and how to engage in an entirely new way that provides a path to better communication and improved training skills.

These fun, high-energy training courses are delivered by experienced training professionals in the United States, Australia, New Zealand, Singapore, Malaysia and Hong Kong.
