

# The HIVE @ pdtraining

## Online Instructor led Training

### Description:

#### The classroom experience without the travel

The pd training H.I.V.E. (Hands On Instructor-led Virtual Classroom Experience) gives participants the great instructor-led training experience without having to travel to the training room. The participants chat and collaborate with their trainer and each other - just like any other class.

#### Small classes

We still keep participant numbers small (we recommend 8-12 with a maximum of 16 people) for the best instructor led training experience.

#### Tailored to your needs

As with all pd training courses, your trainer we will tailor the course and activities to be directly applicable to the participants in the room on the day.

*The only difference is that you login, instead of walking in to the training room.*

Call us today: 1300 121 400 Email: [enquiries@pdtraining.com.au](mailto:enquiries@pdtraining.com.au)

### Key Benefits:

- Face to Face discussion and collaboration
- Development of hands-on skills
- Collaboration in Breakout sessions
- Demonstrations
- Online polls and quizzes

## Your virtual classroom:

#### Face to Face discussion and collaboration:
