Microsoft Project 2016 Introduction Training

[REQUEST QUOTE](#)

[1.0 DAY COURSE](#)

Microsoft Project 2016 is one of the most popular scheduling and project management programs on the market.

The PD Training Microsoft Office Project 2016 Introduction Training Course covers the basics of using Project 2016 and how to set up a simple project, including how to configure the project calendar, tasks, resources, and more.

This hands-on training workshop is available now throughout the U.S, including Atlanta, Baltimore, Boston, Charlotte, Chicago, Dallas, Los Angeles, Manhattan, Miami, Orlando, Philadelphia, and Seattle and also via instructor-led online training.

Click the “Group Training Quote” button for a free quote for your internal team training or click the “Register Now” button to view the current public schedule.

What You'll Gain:

This course includes skill-building in each of the basic functions of Microsoft Project 2016 such as using the interface, applying filters, project planning, setting project start dates, adding recurring tasks, resolving scheduling conflicts, using lag time and lead time, and setting deadlines on tasks. The training course provides an understanding and practice in performing every basic task that is essential to begin and track projects successfully.

Microsoft Project 2016 Introduction Training Course is the first course in the series of three: Introduction, Intermediate and Advanced Training Course in Microsoft Project 2016. Each of these courses is targeted to give valuable training to participants with different skill levels in the application.

Outcomes

After completing this course, participants will have learned to:
